

```
rviz_geometry.show  
_circle_in_rviz
```

A diagram illustrating a transition between two visualization states. On the left, a gray rectangular box contains the text 'rviz_geometry.show' followed by '_circle_in_rviz' on a new line. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'rviz_geometry.show' followed by '_line_in_rviz' on a new line. Both boxes have a black border.

```
rviz_geometry.show  
_line_in_rviz
```
