

wallfollowing.find  
\_left\_right\_border

```
graph LR; A[wallfollowing.handle_scan] --> B[wallfollowing.find_left_right_border]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The box on the left is shaded gray and contains the text 'wallfollowing.find' on the top line and '\_left\_right\_border' on the bottom line. The box on the right is white with a black border and contains the text 'wallfollowing.handle\_scan'. A dark blue arrow points from the right side of the white box to the left side of the gray box.
