

```
rviz_geometry.show  
_circle_in_rviz
```

```
graph LR; A[wallfollowing.handle_scan] --> B[rviz_geometry.show_circle_in_rviz]
```

A diagram showing a call from `wallfollowing.handle_scan` to `rviz_geometry.show_circle_in_rviz`. The call is represented by a blue arrow pointing from the right box to the left box. The left box is shaded gray and the right box is white.

```
wallfollowing.handle_scan
```
